Scalable job readiness training

Many students and graduates are not taught how to write a successful job application:

- Developing the self awareness that employers require.
- The hidden job market.
- The process of applying for work.
- Job interview skills.
- Starting work.
- Internship / WIL applications.
- Soft skills development.
- Leaving high school.
- Financial fitness.

Whether you are seeking part-time or full-time work, a work placement while completing your studies, or are looking to secure your first graduate position, the TAFE Queensland Job Readiness Program has been carefully tailored to help you to secure employment.

You will hone your professional skills, be better prepared for the graduate employment market and access tailored graduate employment training resources that are designed to help you be successful in today's competitive graduate job market.

to register for the Job Readiness Program, thanks to Allianz!

Courtesy of Allianz Global Assist, TAFE Queensland is proud to provide 150 currently enrolled International Students with free access to the Job Readiness Program for International Students.

Simply register here using the codeword provided by TAFE Queensland International.

The Job Readiness Program for International Students has been designed by professional careers counsellors to help international students apply for work.

The current pandemic conditions in Australia are leading to increasing competition for jobs.

Find work (subject to your student visa conditions) or simply get ahead with award winning Successful Graduate training.

This initiative is proudly brought to you by:

the time to get started.

Only available for free, courtesy of Allianz, for the first 150 enrolled TAFE Queensland international students.

Price: Free for 12 months with coupon allianz2020

improve your
employability

The Successful Intern Course

The Successful Intern Course has been written by a professional careers counsellor.

The hard work has been done for you, and the Course teaches you:

- How to get an internship
- Who am I and what are my internship goals
- Researching and choosing your internships
- Cover letters, job applications and your targeted cv
- The interview process
- Internship learning outcomes
- Managing your relationships
- Transferring your internships to the job market

Students receive a Successful Intern workbook and a course certificate upon completion.

Learn how to
make career
choices and
decisions for life
after school

High School Graduate Course

Are you currently studying in Year 11 or 12?

The Successful Graduate High School Graduate Course has been specifically designed to help you make career choices and decisions for life after school. Carefully designed by high school career counsellors, and using our Career Decision Making Model, the Course will help you to research career fields and determine if you should continue with further study, start an apprenticeship, start working, or pursue other fulfilling avenues.

TAFE QUEENSLAND HIGH SCHOOL GRADUATE PROGRAM

SUPPORT FOR HIGH SCHOOL CAREER COUNSELLORS

The TAFE Queensland High School Graduate Program has been specifically designed to help students make career choices and decisions for life after school. Carefully prepared by high school career counsellors, the Program will help students to research career fields and determine if they should continue with further study, start an apprenticeship, start working, or pursue other fulfilling avenues.

Training material consists of Written Information (supported by Video), a downloadable course Workbook, Actions for Success and Quizzes. Students access their online training for a period of 12 months from date of registration, enabling them to complete course requirements in a self-paced manner on any device they choose (including mobile phones). Students who complete all materials will download completion certificates.

All Successful Graduate programs have been written and vetted by industry professionals, including career counsellors registered with the Career Industry Council of Australia (CICA).

The High School Graduate Program provides students in Years 11 and 12 with the following training:

- Make career choices and decisions for life after school
- Identify career fields that you would enjoy

- Identify what skills you have now that you can contribute to an employer
- Determine if you need to complete further study in order to achieve the job of your dreams
- Identify where there are jobs near you and how to find employment

- Learn how to apply for work, regardless if it is full-time or part-time while studying

- Master writing a targeted Resume, Cover Letters, and Selection Criteria

- Prepare for job interviews. This program has been specifically designed to help high school students to research suitable careers, choose whether to take further study, and master the job application process.

By adopting Successful Graduate programs for its students, TAFE Queensland has demonstrated how it will 'go the extra mile' to support students and alumni to enter and stay in the workforce.

This program will take around 5 hours to complete, and will allow students to make the decisions they need to make before finishing high school.

For \$99 (including GST), students will have access to this entire online program and a Knowledge Bank of support materials for 12 months from the date of purchase.

TAFE Queensland and Successful Graduate have built a training website for this program at tafeqld.successfulgraduate.com.
